Hi Luc Roscelin,

Thank you for joining us over the past three days at Land & Carbon Lab's 2023 Summit livestream.

We hope you are feeling inspired and equipped to take the learning and connections over the past three days back to your work — whether it is at the forefront of technology or the frontlines of action for a sustainable future.

This event is just the beginning of our partnership, and you will certainly hear from us again soon. You will also be able to access recordings of all livestreamed sessions on demand after July 3.

But first, while the Summit is still fresh in your mind, we would really like your feedback. Please help us understand how the Summit resonated with you by completing a short survey. It will take less than 10 minutes and provide us with valuable information for future research, partnerships, action and more.

Thank you once again for joining. We look forward to working with all of you to harness technology into practical solutions and informed decisions for humanity and for our planet.

The Land & Carbon Lab team
